patio

The patio at True Food Kitchen offers an entirely unique dining experience for the Newport Beach community. The 2,700 square foot space is heated and protected from the elements by a sunny yellow retractable awning. Flexible seating can accommodate private events for up to 100 people; with comfortable banquettes, and a white, lemon twist yellow and apple green color scheme, the space is bright, fresh and inviting.

At one end of the patio, a living wall filled with a variety of thriving succulent plants provides a dramatic backdrop. At the other end, a linear fire pit and plush patio tables and chairs provide more intimate lounge seating.
